

We have been incredibly blessed during lockdown with continuing donations and support from you all, which is appreciated even more so knowing the difficult situations we are all living through. Currently we are in monsoon season and Behala, where our homes are situated is low-lying land which floods easily. Anna Bari, our boys home gets particularly badly hit and often the ground floor totally floods, causing long lasting damage to pipes, walls and of course the floors!

Raja and Pinku wade through the flooded entrance at Anna Bari.

As you all know when we got our FCRA registration to allow your donations to come from Shuktara Trust UK to our Indian bank account freely, we were able to finally increase staff salaries. They had all worked faithfully for a number of years with the promise that when FCRA came, their salary would increase and we have done that.

In lockdown our outgoings for food have increased due to the high prices charged by suppliers - however, because of your generosity Pappu decided to start work now on the ground floor of Anna Bari - the entire reconstruction of floors and walls and heightening a lot of places so that it doesn't flood. And making drainage easier for the water to flow away from the house.

The total cost of all this work will come to around £1250.

As you continue to put your trust in our care for the boys, girls and young people here in Kolkata, we wanted you to be able to see that long term care also means the space they live in, that it is safe and secure for all of them always.

Shuktara is after all a home for life.

Thank You for continuing to support us! We are all well here and we truly wish the same for you.
